

Warm Spirit's Defamation Policy

Warm Spirit is more than a company. It is a community of like-minded individuals who share a vision: to be empowered as self-confident women and men who look and feel as good as possible, who realize life is full of possibilities if we set goals and work hard, and who have a true desire to make the world a better place for themselves, their families, and others they encounter. We value this community and believe it is enriching lives in many, many ways as people embrace this ideal and share our vision throughout the country.

However, it has come to our attention that some Warm Spirit consultants on the Yahoo site are expressing negative, mean-spirited comments publicly. These comments are not only hurtful on a personal level when individuals are defamed, but also damaging to the company as we strive to continue to build a community of people who value respect, trust and loyalty. If these remarks continue, any individuals who defame Warm Spirit Officers, Executives, or other Consultants, on Yahoo, or in any other method of communication, will have their Warm Spirit businesses terminated immediately.
